Features

Why Choose Evalsy?

Automated Video Interviews 24/7

Candidates can take interviews anytime that works for them. No need for scheduling or live coordination—everything is handled automatically, and you can review responses when you're ready.

AI-Driven Candidate Scoring

Our system reviews answers and highlights the top candidates based on how well they match your job requirements. It saves you time and helps you focus on who really fits.

Real-Time Fraud Detection

We help keep your hiring process fair by spotting things like impersonation or off-camera help during interviews. You'll get alerts if something doesn't seem right.

Detailed Interview Analytics

See how each candidate performed, from response quality to communication style. Our analytics give you a clear view to support better hiring decisions.
